Interior Configurations

There are many options when it comes to picking what the inside of lockers will look like. Ultimately the interior configuration will depend on what a facility needs.

Although we encourage each facility representative to be creative and develop a unique design to best accommodate their needs, here are some examples of typical locker interiors.

No matter what you choose we have the ability to deliver a storage solution complete with coat rods, shelving, wardrobe hooks, mirrors, lock boxes and many more high quality fixtures.

Typical Features - Customizable Options

Clothes Rod

A continuous stainless steel clothes rod to hang shirts and pants.

Clothes Rod - CC-100

Wardrobe Hooks

Wardrobe hooks are durable to hold up anything you need to store.
